

**MATERIAL SAFETY DATA SHEET**

**PRODUCT: Aqueous Dispersion of Nano Silica particles (SiO<sub>2</sub>)**

**1. PRODUCT AND COMPANY IDENTIFICATION**

**Commercial Product Name** SOLAD

Catalogue Codes: ADNPP200NAR, ADNPP15NAR, ADNPP30NAR, ADNPP50NAR

**Manufacturer's Details**

Glantreo Ltd, ERI Building, Lee Road, Cork, IRELAND, T23 XE10  
 T; +353 21 4901965 E; [info@glantreo.com](mailto:info@glantreo.com)

**2. COMPOSITION / INFORMATION ON INGREDIENTS**

Consists of amorphous silica gel 99%, percentages are by weight.

Chemical name	Water (70%)	Classification	Not a hazardous substance or mixture according to Regulation (EC) No. 1272/2008.
CAS #	7732-18-5	REACH #	Not required, refer to 15.0
Chemical name	Silicon Dioxide (30%)	Classification	Not a hazardous substance or mixture according to Regulation (EC) No. 1272/2008.
CAS #	7631-86-9	REACH #	Not required, refer to 15.0

The following relates to the silica in the product, for MSDS on water please email office.

**3. HAZARDS IDENTIFICATION**

Generally, not hazardous in normal handling.

Silica has been widely investigated over decades of its production and use in numerous toxicological and epidemiological studies. As of the date of this statement, results of the OECD & Cefic LRI projects are consistent with existing data and confirm the relevance of existing toxicological data on SAS; that is, the substance is of low toxicity and does not meet any classification criteria of a hazardous material under European Regulation (EC) No 1272/2008 (i.e. CLP Regulation) and the Globally Harmonized System (GHS) of Classification and Labelling of Chemicals

If medical advice is needed, have product container or label at hand. Keep out of reach of children. Read label before use

**4. FIRST AID MEASURES**

**Inhalation**

Move exposed person to fresh air. Get medical attention for any breathing difficulty. Loosen clothing and place exposed in a comfortable position. Seek medical assistance if cough or other symptoms appear.

**Skin contact**

Immediately flush skin with plenty of soap and water for at least 15 minutes. Remove contaminated clothing and shoes. Wash clothing before reuse. Thoroughly clean shoes before reuse. If irritation develops seek medical attention.

**Eye Contact**

Rinse immediately with plenty of water, also under eyelids, for at least 15 minutes. Get prompt medical attention.

**Ingestion**

Drink lots of water. If large amounts were swallowed, get medical attention.

**5. FIRE-FIGHTING MEASURES****Fire and Explosion Hazard**

Negligible fire and explosion hazard

**Suitable Extinguishing Media**

Suitable extinguishing agents: Use water, dry chemical, chemical foam, carbon dioxide, or alcohol-resistant foam.

**Specific hazards**

Special hazards arising from the substance or mixture: Thermal decomposition can lead to release of irritating gases and vapours; silicon oxides

**Special Protective Equipment for Firefighter**

Wear appropriate clothing to prevent skin exposure. Wear protective eyewear, gloves, and clothing. Avoid inhaling gases, fumes, dust, mist, vapor, and aerosols. Avoid contact with skin, eyes, and clothing.

**6. ACCIDENTAL RELEASE MEASURES****Personal Precautions**

Ensure adequate ventilation. Ensure that air-handling systems are operational. Avoid contact with skin and eyes.

**Environmental Precautions**

Refer to 12.0 ecotoxicology information.

**Methods for Cleaning up**

Shovel or sweep up. Shovel into suitable container for disposal. Avoid dust forming by spraying water on spillage. Avoid spillage from entering drains or water courses. Dispose of as normal trade waste in compliance with local and national regulations.

**7. HANDLING AND STORAGE****Safe handling advice**

Avoid contact with skin and eyes. Avoid the formation of dust. Do not breathe dust. Ensure adequate ventilation.

**Technical measures / Storage conditions**

Keep container tightly closed (hygroscopic).

**8. EXPOSURE CONTROLS / PERSONAL PROTECTION****Exposure limit(s)**

Not available.

**Personal Protection Equipment**

Avoid contact with skin and eyes. Avoid dust formation.

## 9. PHYSICAL AND CHEMICAL PROPERTIES

pH (1% solution)	6-8	Physical Appearance	Nano silica particle (transparent) dispersed in water
Boiling point	188°C (370.4°F)	Form	Nano silica particle (transparent) dispersed in water in Nalgene bottles
Melting point	-59°C (-74.2°F)	Colour	Colourless
Decomposition Temperature	>1600°C	Odour	Odourless
Flash Point	Not applicable	Vapour Pressure	0 kPa (@ 20°C) 0.08 mmHg at 20°C 0.129 mmHg at 25°C
Flammability	Not applicable	Relative Density	Not applicable
Auto Ignition Temperature	Not applicable	Water Solubility	Soluble in cold water, hot water and acetone.
Explosive Properties	Not applicable	Fat solubility	No data available
Explosion Limits	Not applicable		

### Conditions to avoid

Keep containers dry and tightly closed to avoid moisture absorption and contamination (hygroscopic).

### Hazardous decomposition products

Not applicable

## 10. STABILITY AND REACTIVITY

### Conditions to avoid

Keep containers dry and tightly closed to avoid moisture absorption and contamination (hygroscopic).

### Hazardous decomposition products

Hazardous decomposition products formed under fire conditions. - silicon oxides

## 11. TOXICOLOGICAL INFORMATION

Acute Toxicity	No additional information	Single Target Organ (STOT)	No additional information
Chronic Toxicity	No additional information	Numerical Measures	No additional information
Corrosion Irritation	No additional information	Carcinogenicity:	Not listed as a carcinogen (ACGIH, IARC, NTP): 1343-98-2 (Silica Gel)
Sensitization	No additional information	Mutagenicity	No additional information
Human Experience	Skin, Eye irritation	Reproductive Toxicity	No additional information

## 12. ECOLOGICAL INFORMATION

No classification as to environmental hazards required.

Persistence	Stable	Bioaccumulation	No data available
Degradability	Stable	Mobility	No data available

Ecotoxicity LC50/96h

<i>Gambusia affinis</i>	13 400 mg/l	<i>Nitocra spinipes</i>	1600 mg/l
<i>Lepomis macrochirus</i>	10650 mg/l	<i>Nitzschia linearis</i>	3130 mg/l
<i>Daphnia</i>	649 mg/l		

## 13. DISPOSAL CONSIDERATIONS

### Contaminated Packaging

In accordance with local and national regulations.

### Waste from residues / unused products

In accordance with local and national regulations.

UN	Not regulated	IMO	Not regulated
Packing Group	Not regulated	ICAO	Not regulated
ADR / RID	Not regulated		

## 15. REGULATORY INFORMATION

The product is classified and labelled in accordance with EU directives for REACH and CLP. This is not a hazardous substance or mixture according to Regulation (EC) No. 1272/2008. A registration number is not available for this substance as the substance or its uses are exempted from registration, the annual tonnage does not require a registration, or the registration is envisaged for a later registration deadline.

## 16. OTHER INFORMATION

The information provided in this Safety Data Sheet is correct to the best of our knowledge at the date of its publication. The information given is designed only as a guidance for safe handling, use, processing, storage, transportation, disposal and release and is not to be considered a warranty or quality specification, since the conditions of the operations mentioned are beyond our control. The information relates only to the specific material designated and may not be valid for such material used in combination with any other materials or in any process unless specified in the text. The information in this document is based on the present state of our knowledge and is applicable to the product with regard

to appropriate safety precautions. It does not represent any guarantee of the properties of the product. Glantreo and its Affiliates shall not be held liable for any damage resulting from handling or from contact with the above product.

Note: The responsibility to provide a safe workplace remains with the user. The user should consider the health hazards and safety information contained herein as a guide and should take those precautions required in an individual operation to instruct employees and develop work practice procedures for a safe work environment. The information contained herein is, to the best of our knowledge and belief, accurate. However, since the conditions of handling and use are beyond our control, we make no guarantee of results, and assume no liability for damages incurred using this material. It is the responsibility of the user to comply with all applicable laws and regulations applicable to this material.
